Dear Friends,

This letter is presented to you by one of our many Patriot Robotics Booster volunteers to ask for your support to help reach our educational goal of providing hands-on science and technology to students throughout the Stanislaus County area. The program is designed to teach and mentor students in the art, science and teamwork of robotics including designing, programming and building the robots. We are raising money to purchase parts for our robot and to send our team to competitions through FIRST Robotics.

We are hosting a Spaghetti Dinner and Silent Auction Fundraiser on January 30, 2020 and are expecting over 600 people.

- We are selling business card size advertisements on a placemat to be at each setting. Each 2 x 3.5" advertisement is \$50. You can provide us with a business card or email us a logo to use at [ironpatriots4135@gmail.com](mailto:ironpatriots4135@gmail.com)
- We are seeking items for our silent auctions. A donation from you would help us on our way toward our goal of raising \$8,000 for our program. We are collecting gift baskets, food or service gift certificates, attraction tickets, or any item that we could add to our themed gift baskets (see below for ideas).

All proceeds from this fundraiser go directly to the robotics program and the students. Your donation is tax-deductible and our Tax Exempt Identification Number is 47-1421220. Thank you for supporting Beyer High School Robotics!

Please contact Marie Price at [thepriceismarie@yahoo.com](mailto:thepriceismarie@yahoo.com) or 559-289-8328 to arrange for basket item pick up.

Thank you!

Patriot Robotics
